

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will increase tension among passengers. It has the potential to be the beginning of a larger problem for passengers who are already stressed by travel alone. I feel I am an excellent judge of this as I am a Customer Service Agent for Northwest Airlines. I have been in this capacity for 18 plus years.

Please do not allow cell phone use on the aircrafts!

it will compromise flight attendants' ability to maintain order in an emergency.

Sincerely,

Janice Sisco
